WELCOME

Perth and surrounds are home to a superb array of golf courses and on our suggested itinerary we have included our favourites. Due to the nature of the area, we have selected a twin centre approach, staying in the beautiful beach town of Scarborough which is close proximity to the outstanding Lake Karrinyup and Joondalup golf courses and then journeying down to Mandurah where you will be staying right on the beach and again, close to some great golf.

As mentioned, we have selected two accommodation locations for the trip. It is possible to stay in one place for the duration but this way, transfer times are kept to a minimum and you get to enjoy a couple of different areas. The accommodation suggested are both apartment style and come with equipped kitchen and living space. The apartments offer plenty of space and are located right besides the beach with spectacular ocean views, which will add to the holiday feel. Perth is a fine destination for a golfing holiday and its climate means you can travel here for golf most of the year.
